- Claim 7 in line 3: after 'forming' delete 'a' and insert --- at least two gate electrodes on a transparent substrate, a first gate electrode is larger than a second gate electrode---

2. The following is an examiner's statement of reasons for allowance: claims 3-10 are allowed because the prior art neither anticipated nor rendered obvious all the limitations of the base claims including forming at least two electrodes on a transparent substrate, a first electrode is larger than the second electrode.
